

OPTICOMM

Your broadband network provider

Opticomm builds and maintains the wholesale network that connects you to the internet.

To choose a phone and/or internet plan that suits your needs, speak to one of many available service providers today.

A world-class fibre network that's built on better®

Not all fibre is created equal. In fact, Opticomm's network not only delivers superfast speeds, it's also built on next-generation technology, designed to keep pace with change. Get the benefits of a network that's built for tomorrow – today.

Better speeds

Get immediate access to speeds up to 1Gbps.[^] Opticomm's network is built to support multi-gigabit speeds and scale with growing demand.

Better choice

Enjoy the freedom to choose from a wide range of phone and internet providers.* So now you can shop around for the perfect plan to suit your needs and budget.

Better connectivity

Relax with increased bandwidth that delivers a reliable connection. Now more people can use more devices more of the time, with less dropouts and lag.

Visit [opticomm.com.au/connect](https://www.opticomm.com.au/connect) to choose a service provider that suits your needs, or call us on **1300 137 800**.

Mon-Fri 8:00am - 8:00pm AEST | Sat 9:00am - 1:00pm AEST

[^]Speeds of 1Gbps are subject to service provider availability. ^{*}Some service providers may not operate in your state or territory. We recommend you contact your preferred service provider to identify whether they may service your area.

Opticomm is the wholesale infrastructure brand of Uniti Group Limited. The Opticomm brand launched in 2005, as a Licensed Carrier and wholesale network infrastructure operator, Opticomm has been connecting smart communities Australia-wide since 2007.
